Welcome To The 1000 Islands...

Clayton's tradition of charm and hospitality began more than a century ago when the 1000 Islands Region was the playground of the nation's most powerful. Now that tradition is embraced by a new generation of visitors... a tradition we invite you to experience firsthand.

Clayton is the quintessential river village, a jewel of a peninsula surrounded by the magnificent St. Lawrence River, nestled along the northern edge of upstate New York and minutes from the Canadian border. Come and soak up the small town atmosphere. You'll find quaint shops and galleries, nationally known museums, and outdoor activities ranging from fishing to golfing, kayaking to hiking, all within walking distance.

There are a variety of accommodations available in Clayton. Stay in a charming bed and breakfast right in the Village, or try camping at one of the scenic state parks or local campgrounds that line the river. Pamper yourself at a luxury resort, settle in at a family friendly motel or spend the week in one of many cottages located along the river shores that will leave you refreshed and ready for another busy day on the river.

We invite you to join us for a fun-filled family vacation, a romantic getaway, or an international adventure. We promise an experience you'll always remember, in a glorious setting you'll never forget!

Rich in History...

After you arrive, your first stop should be the Chamber of Commerce in the heart of the village on historic Riverside Drive. The friendly staff will answer all of your questions and help with maps, guides and anything else you need. With so many choices, your most difficult decision will be where to begin!

Why not start with a Museum? Clayton is home to three, including the Antique Boat Museum. Visitors can stroll amidst the Museum's priceless collection of over 350 boats including the elegantly furnished 106' Gilded-Age houseboat "La Duchesse."

Enjoy a speedboat ride in a triple cockpit mahogany runabout or take up the oars yourself in a wooden skiff and explore the waterfront of Clayton.

The Antique Boat Museum welcomes the public to Oar, Paddle & Sail Nights hosted throughout the summer. The first weekend in August the Annual Antique Boat Show and Auction is held and draws exhibitors and vendors from around the world. Boat Building classes, entertaining educational programs for children and special family activities are also available. Before leaving make sure you check out the Museum Store and pick up a nautical keepsake.

The Thousand Islands Arts Center, Home of the Handweaving Museum located in a historic village building on John Street, brings the visual arts alive in the 1000 Islands through art instruction and exhibitions.

The Thousand Islands Arts Center also offers a variety of classes from painting, weaving, stained glass and jewelry making to making your own pottery in the pottery studio open year-round. Tour their gallery of ever changing exhibitions that showcase the work of local artists or pieces from the Museum's permanent collection of hand-woven textiles and rare spinning and weaving tools.

The Thousand Islands Arts Center hosts special events throughout the year including an Annual Craft Show, and the Antique Show & Sale.

Just around the corner on James St. is the Thousand Islands Museum, home of the Muskie Hall of Fame. The TI Museum is famous for decoys, muskies and the rich heritage of river life.

The Museum gallery offers a history of life along the St. Lawrence River from yesteryear and a new archival library is open to the public to research river heritage. You can also learn more about Clayton's colorful past at the popular "History at Noon" programs. Make sure to check out the St. Lawrence Tartan, the Museum's trademark. The greens represent the cedars along the shore, the blues are the shades of the St. Lawrence River, and the red signifies the sunset over the islands.

Annually, the Museum hosts the Decoy & Wildlife Art Show & Auction. The show includes hunting decoy contests as well as an auction. Works of art by well-known artists from all of the United States and Canada are displayed for purchase.

The Clayton Opera House, located on Riverside Drive, underwent a $3.2 million renovation and now operates as a year-round facility.

Around the Town...

Are you ready for some shopping? Clayton was built with that in mind. Most of downtown was constructed in the late 19th century to meet the needs of shoppers coming from both land and water.

Be sure to look up while you walk along our main streets. The upper stories share attractive architectural features - window crowns, and cast-iron cornices.

If you are interested in architecture, be sure to pop into the Chamber of Commerce for their historic walking tour map. It's a self-guided passport into the intriguing history and charm of Clayton's commercial buildings, homes and churches. Also, take a stroll along our scenic Riverwalk.

The natural beauty of the St. Lawrence River has inspired artists for centuries, so its no wonder that Clayton is home to a number of galleries.

Art galleries are just the beginning. A leisurely walk around the Village brings you to an array of unique shops including clothing boutiques as well as shops offering 1000 Islands collectibles to take home as a keepsake.

Take home a taste of the 1000 Islands from one of several gourmet food emporiums including 1000 Islands "River Rat" Cheese, Bechaz Riverdale Cheese, or a bottle of the famous "Original" Thousand Islands Dressing that was created right here.

Perhaps you'd like to visit a local winery, distillery or brewery.

Clayton's climate combined with the constant moisture flow from the St. Lawrence River is a perfect match for growing cold hardy grape vines.

Coyote Moon Vineyards, located on East Line Road in Clayton, offers free tours of the wine making area and a tasting room is open daily allowing visitors to sample before they purchase. Coyote Moon Wine & Dine, located on Riverside Drive, also offers the opportunity to sample wine, grab a bite to eat, shop, or listen to local musician.

The Thousand Islands Winery is located approximately 7 miles north of Clayton. Free wine tasting allows you to sample their wines and you can take a free tour of the wine production facility.

Northern Flow Vineyards, Clayton's newest winery, invites visitors to its tasting room and patio located at DeLuke's Garden Center, about two miles east of Clayton. Experience sipping wine in a beautifully landscaped setting!

PHOTO BY TASTE 1000 ISLANDS

The Wood Boat Brewery, located across from the Antique Boat Museum, is brewing a full line of ales, stouts and seasonal brews that are complimented by its wood-fired pizza.

The region's first micro-distillery, Clayton Distillery, produces premium grade distilled products from locally grown grains and fruits. Sample and purchase vodka, gin, whiskey, moonshine and liqueurs at their nautical-themed distillery and gift shop.

From ranch to river, the Saint Lawrence Spirits farm-based distillery adds local flavors to their spirits. Ingredients are hand-picked from their family ranch, Lucky Star Ranch Estate, and converted to the final product at Saint Lawrence Spirits, where they are proofed down by filtered St. Lawrence River water, providing the spirit of the River in every bottle! Visit the distillery on Route 12 in Clayton or their tasting room on Riverside Drive.

The local library on John Street welcomes visitors, and has Internet ready computers.

Summer sunsets provide a breathtaking backdrop for Clayton's Waterfront concerts at Frink Park on Riverside Drive several Thursday nights in the summer.

You are welcome to join us on Sunday mornings at one of our many friendly churches.

After a full day of activities, you'll welcome a chance to relax at one of Clayton's many restaurants. Unwind with a leisurely, gourmet dinner; or grab a quick bite at a cafe or pizzeria. Have a sandwich wrapped to go and picnic at one of our beautiful parks.

You can watch the boats go by from the deck of one of our river front eateries. Be sure to ask a native whether that cargo ship was a "laker" or a "salty".

Experience River Living...

There is no better way to experience the beauty of the St. Lawrence River than from the bow of a boat. The spray in your face- the wind in your hair- it's a feeling like no other. The magnificence of the sparkling water, set off by the picturesque islands, offers a potent reminder of why the 1000 Islands has been the choice of vacationers from around the world. Take off and try tubing, head out on water skiis, explore the islands, and stop for a quick swim or a picnic.

Be sure to bring your own boat. Clayton makes it easy to get your boat into the water. The Village provides a public launch and docking at many points along the river including a 200-foot floating dock complex in front of the Village. Clayton also has a number of well-equipped full service marinas where you can buy gas, supplies, dock for the evening, or rent watercraft ranging from small fishing boats to pontoon boats.

If you don't have your own boat, you can enjoy the guided pleasures of a boat tour. The scenic vessels leave Clayton throughout the day and travel beneath the 1000 Islands Bridge to nearby Alexandria Bay, romantic Boldt Castle and around the islands into Canada. Cruises also take passengers to Rock Island Lighthouse. You'll learn about Clayton's colorful past filled with bootleggers, pirates and local "river rats".

Perhaps you would prefer a private, personalized tour where you can try a day of "rivering" with a local guide on their private boat.

The Thousand Islands Regional Dock and Clayton Cruise Ship Terminal is conveniently located on the edge of the main shipping channel along the St. Lawrence River. The dock sits on the shoreline in front of Frink Park along Riverside Drive in downtown Clayton.

The dock is able to host a wide scale of vessels including tall ships, yachts, tugboats and cruise ships. The facilities are a U.S. Department of Homeland Security and U.S. Coast Guard Certified 105c Port of Entry.

An Outdoor Paradise...

Explore the natural side of the 1000 Islands. The 1000 Islands Region is filled with activities that take advantage of this natural paradise. Clayton offers an outdoor recreational playground to enjoy with local fishing, kayaking, diving, snorkeling, golfing, hiking, biking and camping.

For two centuries, Clayton has been the center of 1000 Islands fishing action. Years ago, the local fishing guides plied the waters off Clayton carrying the wealthy and famous on their annual fishing excursions. Now the local guides have powerboats equipped with the latest fishing tackle, electronic equipment and safety gear to ensure passengers' safety and comfort. Your captain will ensure an exciting experience, and may even end your trip with a traditional shore dinner.

The clear waters of the St. Lawrence provide a fishing experience second to none. In fact, USA Weekend named Clayton and the 1000 Islands the number one bass fishing spot in the country! There are any number of game fish, sure to thrill the angler of every ability. Northern pike, walleye, bass, perch, panfish and the elusive trophy muskellunge continue to challenge fishermen from all over the country and attract professional fishing tournaments year after year.

Fishing maps are available, along with plenty of bait, tackle and advice, at local bait shops for those who would rather fish on their own. Launch your own boat and venture out to discover your own "hot spot" or bring along a folding chair and cast off from the dock at Frink Park. For your convenience, fishing licenses are available at many locations throughout Clayton.

The St. Lawrence River is one of the premier diving sites in the country, and Clayton boasts the first natural features dive park in the Thousand Islands. Underwater enthusiasts will want to dive right into the clear waters of the St. Lawrence River to explore many wrecks that rest on the riverbed.

The crystal clear water provides breathtaking access to the natural beauty just meters beneath the surface. The water clarity provides excellent underwater visibility. Horizontal visibility of 50-70 feet at 100-foot depths is not unusual. The River is the resting place of hundreds of shipwrecks, some dating back to the late 1700's.

The strong current found in some areas of the St Lawrence River creates excellent drift conditions for those who seek artifacts. There is no thermo cline in this area, allowing for very comfortable diving temperatures from May through October. Both novice and expert divers will find a piece of paradise in Clayton. Several dive businesses in the area can provide services for divers.

Prefer to stay a little closer to the surface? Snorkeling is popular, due to the River's amazing water clarity.

Kayaking is very popular in Clayton, and exploring the islands is a very exhilarating experience. Take a canoe or kayak and venture into the wilderness and wonders of the French Creek Wildlife Management Area (WMA). Small game and songbirds are found here in open meadows and hardwood uplands. Waterfowl and furbearers find suitable homes as well in cattail marsh that borders the open waters of French Creek.

The WMA is also suitable for hikers and biking. Unpaved roads within the WMA provide good access, but foot travel or paddle is the primary means of movement throughout the area.

For the more sports-minded among our visitors we offer several excellent golf courses for golfers of all skill levels. Several area resorts offer golf and accommodation packages as well as meeting rooms and corporate golf tournaments.

Looking to exercise? Clayton has a gym with day passes available or you can head up to Cerow Recreation Park where you can swim a few laps at the outdoor community pool, walk the paved recreation walking trail, play a set on one of the lighted tennis courts or shoot some hoops on the basketball court.

For those who are looking for a total outdoor adventure, camping opportunities are abound in the Clayton area with both private and NY State Parks offering a wide range of camping options. Campers will find wooded tent sites, full hook ups, clean restrooms, ample picnic tables, hot showers and nearby access to the River are some of the amenities available.

A Walking Tour Rich in History...

Clayton is rich in River history. Downtown Clayton has been designated by the U.S. Department of the Interior as a historic district. This district is architecturally and historically significant as one of the most intact and cohesive collections of late 19th and early 20th century commerical buildings in Northern New York. There are 31 buildings in the historical district, all built between 1854 and the 1920s.

Stop in at the Chamber of Commerce when you arrive and a Walking Tour Map. The Map will guide you on a walking tour of the Village and will provide interesting facts about the historic buildings you will see.

If you are looking for an over-the-top customer experience, filled with Award-Winning Wines, friendly staff, and a howlin' good time, Coyote Moon Vineyards—2016 New York State Winery of the Year—is a must-visit destination.

Enjoy a glass of wine and a gourmet sandwich on our patio, listen to live music, or enjoy a wine and cheese cruise at our Wine + Dine Lounge in Clayton's downtown shopping located directly on the riverfront.

Take a memorable stroll through our picturesque vineyard, the largest in Northern New York with over 20 acres of grapes and tour our winemaking facility and barrel room at our Vineyards location, just three miles outside of the Village of Clayton.

At both locations you can explore, sample, and learn how our award-winning wines are hand-crafted.
